

[SMARTS-UP programme] International scholarships for Masters Call for applications 2024-2025

1. What is the SMARTS-UP Scholarship?

Université Paris Cité is training future scientists and leading experts to thrive as academics or senior executives. The SMARTS-UP programme, led by Université Paris Cité, aims to promote the internationalisation of Master's programmes and attract the best international students. In this context, we offer 160 individual scholarships, € 10,000 each, to allow Graduate Schools to welcome international students in their Master's programmes. The scholarships are awarded for one year.

2. Which Masters are eligible for SMARTS-UP mobility scholarships at Université Paris Cité?

SMARTS-UP scholarships are intended for international students coming to study at Université Paris Cité in one of the Masters of the 26 Graduate Schools.

You can consult the list of Graduate Schools that are part of the SMARTS-UP project on: <https://mobility.smarts-up.fr/>.

3. How much is the scholarship?

Awardees will receive € 10,000 paid in three instalments. Please note that this award is a scholarship, not a stipend. It is a financial aid to help you study but it will not be sufficient to live in Paris. You will need an additional source of income to cover your stay.

This award cannot be cumulated with any other scholarship. It is awarded for the academic year 2023-2024 only and cannot be postponed.

4. Who can apply?

Only students applying for a Master's programme listed on: <https://mobility.smarts-up.fr/> are eligible for a SMARTS-UP scholarship.

▪ Eligibility requirements

- Applicants must be international students, French citizens are not eligible;
- Applicants must be new to the French higher education system (exception: international students preparing a joint-degree in collaboration with Université de Paris are eligible);
- Applicants should not hold any degree from a French University or French Higher Education Institution;
- Applicants from one the countries listed below have to also register via the Études en France platform (<https://www.campusfrance.org/fr/candidature-procedure-etudes-en-france>). This application must be completed in parallel of the submission of your SMARTS-UP application. It is a completely independent but mandatory procedure.
